D e v e l o p e r I n t e r n

I am a skilled software development professional with expertise in responsive web design, Git/GitHub, quality assurance, database APIs, and agile methodologies. My skillset includes HTML5, CSS3, ES6+, React Virtual DOM, REST APIs, and state-management frameworks like Redux. I specialize in UI design, using libraries such as Material-UI and Bootstrap, and have proficiency in CSS in JS techniques.
